If it were not for the shoe phenomena on the fifth floor, we could speak with energy and truth of the shoe bargains on the first floor. But the phenomena outshine the fact. Savings of ten or fifteen per cent.

seem small when compared to the economies of Half Prices. Nevertheless, not all the good things in shoes are confined to the fifth floor shoe space, although the greatest bargains are. The regular shoe store has its own powerful attractions in newness, stylishness, elegance and really low prices.
